

RECASENS fabric selection

Meets ISO fabric quality standards

99%
SPF

According to the fabric color, the fabric can block 99% UV rays.

Waterproof

No water leakage.
Amazing antifouling effect!

Rain proof

Physical shielding:
Through the inclined shed surface design, rainwater is guided to slide down in a specific direction to avoid water accumulation or backflow.
Material waterproofness:
Water proof coating or airtight materials are used to prevent rainwater from penetrating into the interior.
